THERE'S MORE . . .

At first glance, we seemed like a group of typical, run-of-the-mill kids and adults. Then we separated into groups of students, teachers, bus drivers, custodians, etc. But as one dug deeper he found there was more to us than met the eye. We each had our own interests, our own way of life (even our administrators showed their uniqueness on special days), and we proved this in 1982 to make it one of the best years ever.

We started the year in a slightly confused frame of mind. Then days turned into weeks, seasons changed, clubs started meeting, sports events occurred, and teachers started TESTING!

The beginning of school also ushered in **the start of Varsity Football at MC.** The enthusiasm for it was great. While the guys strained their muscles, we strained our vocal chords. All those sore muscles and painfully sore throats were worth it because people soon realized "there's more to us than meets the eye."

. . . MORE

EYE OPENING! That's what the year 1982 proved to be for us at Marion Center. By mid-year we had settled into our schedules with enough time left over to be ourselves. Some of us expressed ourselves more openly than others, but just the same **we all did it!**

During the year there were many opportunities to become involved with school activities. Pep assemblies, intramurals, band practices, and sports events each gave us a chance to show our fellow students and teachers alike that there was more to us than a mass of flesh and bone. There were other things in life we'd rather do, even though school occupied most of our time. **At times, we even enjoyed it!**

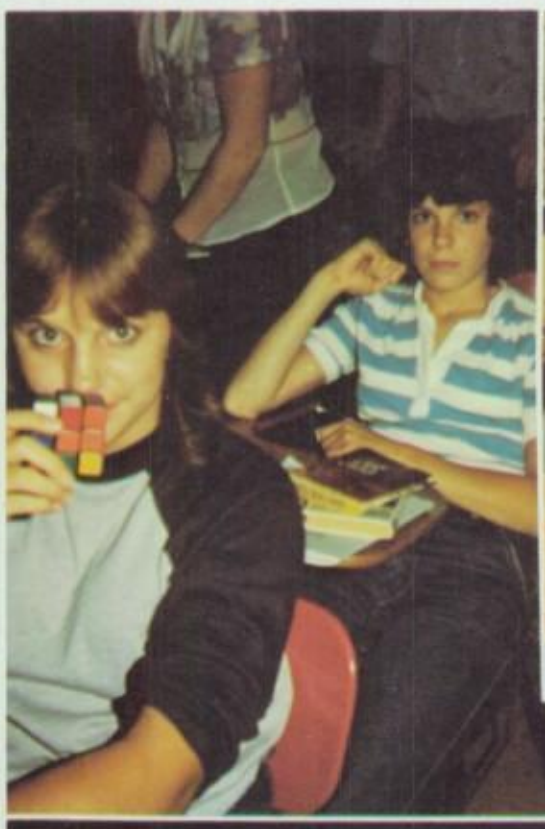
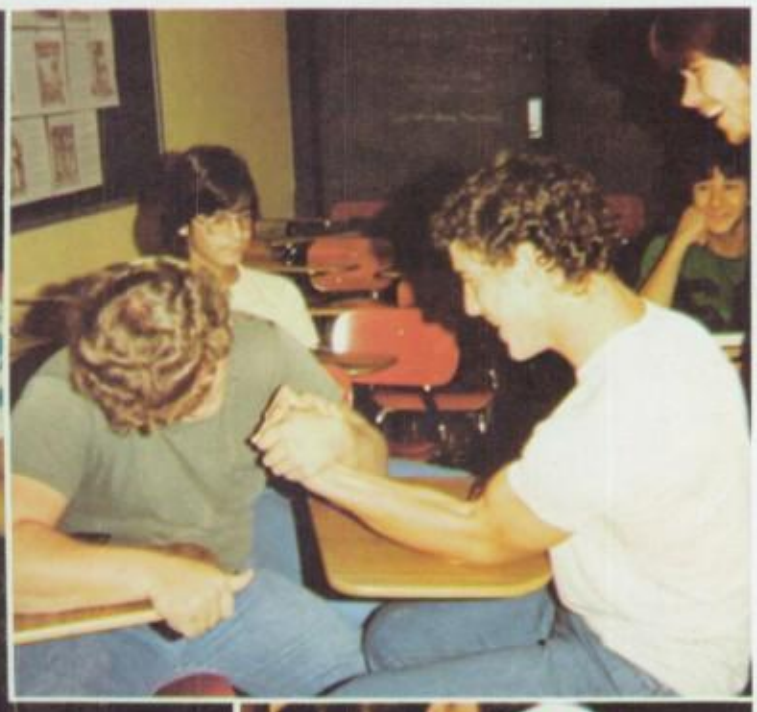
AND STILL MORE . . .

What a year! There was so much to keep us busy, we barely noticed how fast the year flew by. But we all took time off, time to "smell the roses" along the way. Whether our thing was athletics, art, music, or just plain fun, we **enjoyed.**

Every once in a while there were those rare opportunities when we got together with our families or paused to listen to our leaders praise how "great" we were. Whether we realized it or not, we were members of many different groups, as well as individuals. Even though we were trying to go our own separate ways, the name Marion Center bound us all together.

There was always so much to do and somewhere to go, but still most of us found time to try and solve the Rubik's cube or play with video games. All in all, we've said it before, **There was more to us than met the eye.**





Left: (clockwise from top left): Margie Galonis seems thoroughly confused by the puzzling Rubik's cube. John Broadbent and Scott McCoy amuse themselves by arm-wrestling between classes. THERE IS MORE TO
STUDENT LIFE
THAN MEETS THE EYE

Even though it seemed we spent most of our lives in school, going to classes, studying for tests and struggling through crowded halls, we did have a few chances to relax inside school and out. Whether getting crazy in the cafeteria, cruising through Indiana or chowing down at McDonald's there were fun times to be had and, we found them.

Then there were the weekends! At Marion Center, weekends were made for good times. It didn't matter whether we went to a football game, roller skating, spent all our money on Space Invaders or just bummed around, where ever we went we celebrated our freedom in style.

Speaking of style, students here knew what it was to go out in style. Whether we went preppy or with the latest trend, like knickers, we knew what to wear, when to wear it and how to wear whatever styles we chose.

When it came to going places, many of us went to almost the ends of the end of the Earth. A few spent their time exploring new places like Venezuela or marching through New York City. They showed people all over the world that Marion Center students were not only going places but going to the top.

The problem was not the going but how to get there. The normal bus ride to school each morning was, if not enjoyable, bearable to most of us. Some of us had alternatives, though. If any of us had a practice or a job after school we could drive or ride with someone. Then there were some who never rode a bus or drove a car to school. They were the ones who walked to school through rain, snow, wind, and ice. It might have taken some longer than others but we all got to where we were going, sooner or later.

On May 10, 1982 the entourage of Senior Band members, Band-front members, Bandparents and chaperones headed South for five days of fun and parades in Orlando, Florida. The South quickly learned that there was more to a small high school in Western Pennsylvania than they had anticipated.

Whether we were at a senior class skating party, crowded into the gym for a pep assembly or on our way to school, Florida, or just Indiana, we were out to make our social lives in 1982 the best yet. And we could look back and say **there was more to STUDENT LIFE than met the eye.**

Our Good Will Ambassadors

Ambassador ... to Caracas, Venezuela, was our Norma Fisher. She ventured to this faraway country as an exchange student June 27, 1981, and returned to the U.S. August 31, 1981. She stayed overnight in Miami, Florida, before flying back to Pennsylvania September 1. Norma resided with Dr. Cesar Augusto Mirabal and family. While in Caracas she visited museums, saw movies, and watched Spanish soap operas. She attended the Venezuela Bicentennial, went to the beach, and had a maid all of her own. Norma was in Venezuela during its winter which was hot and rainy, but thought the country was beautiful. She enjoyed living with the people who were so friendly. She purchased many souvenirs to bring home with her, although she didn't need anything tangible to remind her of her experience. Norma planned to return to Caracas to visit her Venezuela family, the Mirabals in the future ...

Ambassador . . . to U.S.A. was Doug Anthony. He was selected as one of the two students to represent Pennsylvania in the McDonald's All-American Band. Doug was the first student from our school to be chosen for this honor.

The entire school attended an assembly for Doug on **Doug Anthony Day November 16, 1981.** He left November 20, 1981 for New York and appeared on **NBC's Today Show** Wednesday, November 25, 1981. He marched with his euphonium in the Macy's Thanksgiving Day Parade November 26. He had a few weeks of school in December before he left for the Tournament of Roses Parade in Pasadena, California, on New Year's.

Doug Anthony took a little of good old MC with him as he traveled from the eastern to the western shores of the United States of America.

INTER-A-RUPTIONS

Below: Crushed between the phone and the Hi-C machine, Cindy Fleming interrupts her day to make a phone call.

Although a lot of people, mostly teachers, griped about so many interruptions, we all were glad when an assembly interrupted our normal daily routine. It didn't matter whether the assembly was honoring the football players or the majorettes, we relished the chance to escape our classes, even if only for an hour.

Another interruption we enjoyed was using the telephone. Whether it was using the office phone or the one in the gym lobby, we took every chance we could to get out of class to make a phone call. We even let the telephone interrupt us during a night of fun because maybe that call would be one for which we had been waiting. **Interruptions**! They were looked on in different lights — some enjoyed, some annoyed, — but still, a big part of our lives!

Trends -n- Threads

made us conscious of how we looked and what we wore during the 1981-82 term. Clothes ranged from the old time favorite blue-jeans to the ever popular comeback, "knickers." Students were not just wearing their casuals; they tried the newer and more modern fashions for that extra little pizzaz!

Sweater dresses, the attire worn by many dressed up girls, came in assorted colors, textures, cuts, and stripes. Guys and girls both were seen in warm fitted sweaters during the chilly months and corduroys were year-round favorites.

Shoes polished off the special look whether they were high-heels, pumps, flat leathers, or the every day tennis-shoes. Snow brought out western, casual and dressy boots which also accented the western trend.

Though clothing was sometimes identical, nobody's hair style was quite the same. It was worn short, long, and medium lengthed. Perms still seemed to be in along with the new fad of French braids. Weird hair day was a tremendous success with exotic hair-dos all over the school.

Everyone was interested in the fashions for the year. It did not matter what one wore just so he was satisfied with the way he looked.

Road To Stardom

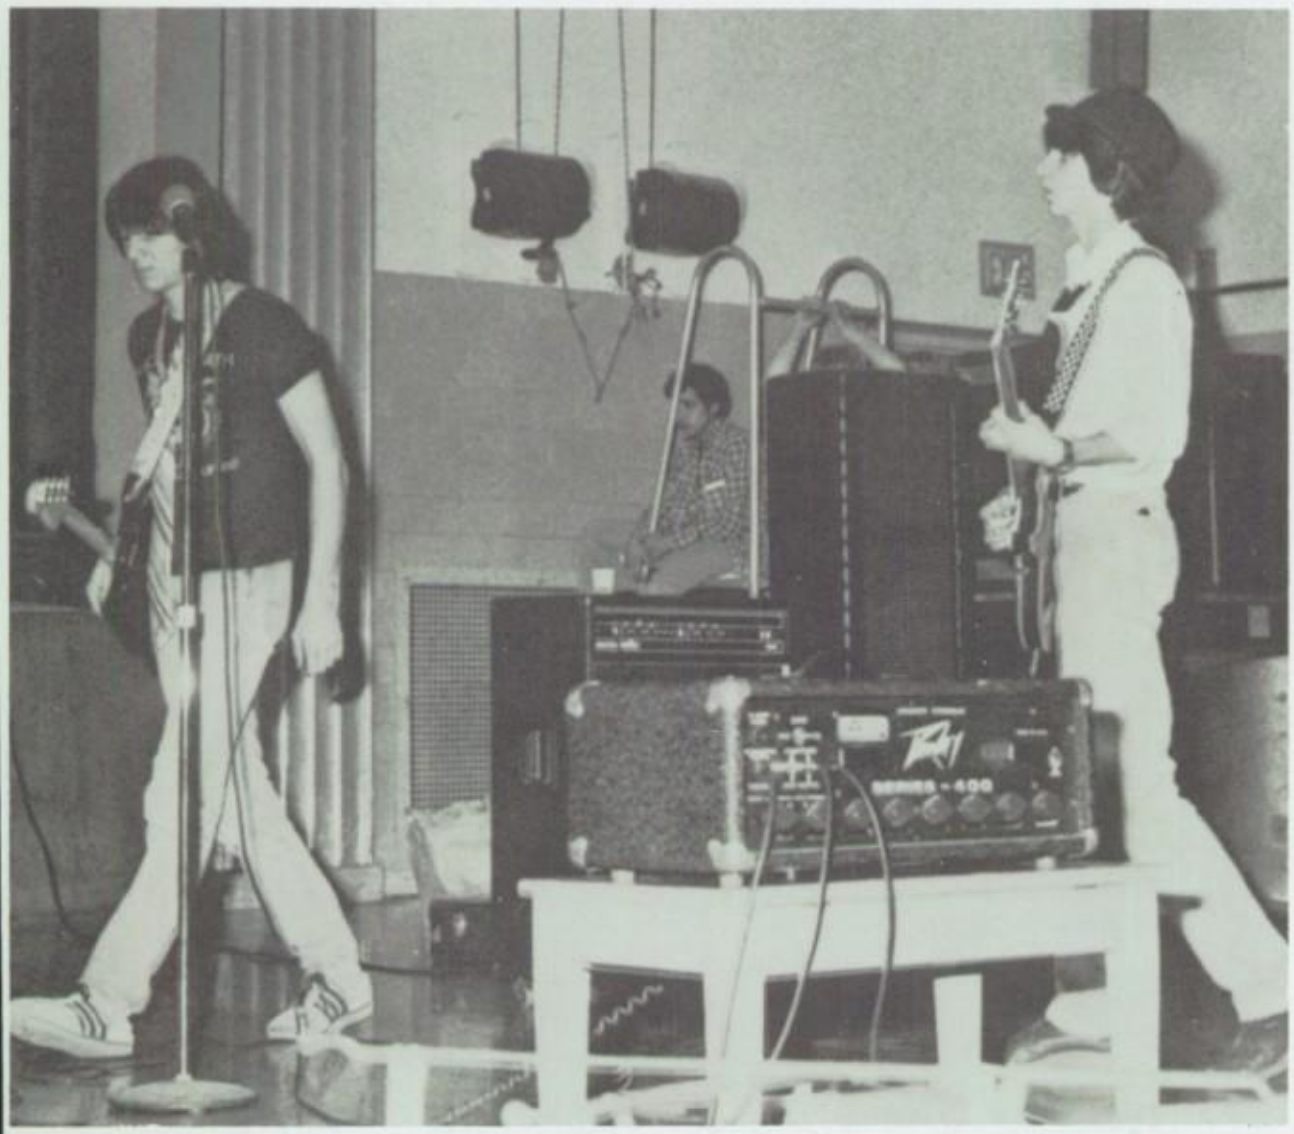
Middle Left: The Twelve Days of Christmas, Athletic Style.



On December 23, 1981, students brought all their talents to school for the yearly Quill and Scroll Talent for Tots Show. The events varied from songs to an editorial. One of the traditional acts was a song done by Mr. David Doorley's advanced sign language class. We had the modest Al Franken (alias Dale Gandolfi) as well as the Athletes' version of The Twelve Days of Christmas. Acting as MC was senior Michaele Garsick whose expertise at the mike and MC's stage crew under direction of Mrs. M. Popp made the show run smoothly!

When someone said transportation, some thought of airplanes, trains, or even a set of wheels known as a Rolls Royce. But when somebody said school we automatically thought of three main modes of transportation. We walked, drove our own special set of wheels (no Rolls Royces in our lot, sorry), and finally the most common carrier — those giant yellow school buses. MC had 52 buses running each day, under the supervision of Mr. James Adamson. They traveled an average of 600,000 miles yearly. Transportation — regardless of the type used — was most important to all of us!

Above: MC elves, Michele McCullough and Maria Hess, enjoy the nativity scene in room 5.

Chow ... and Chatter

were a big part of our lives at MC — whether in the cafeteria or at parties and banquets. Where there was food, conversation followed!

At the beginning of the 1981-82 school year, lunches cost .55¢ and on October 1st, prices raised to .75¢ per lunch. This was the fourth year our cafeteria had been under Key Management.

All students enjoyed their lunch period because they ate with or talked with their fellow classmates. Sometimes the food developed wings and flew across the cafeteria and landed on someone's lap; but other than that, it was just like rush hour on the Parkway.

There was more to a chow down at MC than met the eye! Chitchat added the necessary spice!

Bucks To Bank

was the desired end result as the clubs and organizations held their various sales and fund raisers in and out of school. The money was needed for field trips that were planned by different groups of students. Yet the prom was a key idea for the annual magazine sale in the junior high. Still other organizations such as Student Council thought of the Children's Hospital Drive by having a Fair with game booths and food stands. Student Council also sponsored the Love Basket for which students brought in canned goods or 50 cents as a donation for the needy.

The overwhelmingly varied mountains of merchandise sold was unbelievable! These items ranged from citrus fruit and garden seeds sold by FFA to the baked goods and popcorn sold by Latin Club. The carnations for Mother's Day and Valentine's Day were sold by Honor Society. Groundhog Day cookies were sold by Quill and Scroll Society, cherry pies were peddled by Historians, and cookbooks were distributed by **The Yellow Jacket.** Everyone sold or bought hoagies, and the Band Parents stuffed us with spaghetti to fund the Florida band trip!

Skating parties were the single most popular fund raiser of all. The parties were sponsored by classes or clubs and the student body responded with enthusiasm.

There was no problem finding items to buy, but it was sometimes difficult for the salesperson to find a buyer. **Where the salesperson did meet the purchaser the bucks flew — right into the club coffers!**

Working For Weekends

It was Friday, approximately 3 p.m. A change came over the student body. Students had finally achieved their goal of the last five days; the weekend was here!

A few used the time off to catch up on some sleep while others caught up on the events of "J.R." or the skits on **Fridays** or **S.C.T.V.**, like the "Great White North."

But most put in time at the "New Mall' or any of the other places in Indiana. Whether it was trying to rollerskate, jammin' out to Loverboy's "Working for the Weekend," Joan Jett's "I Love Rock n' Roll," or Journey's "Open Arms," cruising Mickey Dee's, or attempting to break the record on **Pacman**, weekends were the way we spelled relief! But to everyone's dismay, our relief was often too short lived. Monday rolled along and again our school routine took over. Each of us **dreaded** Monday mornings, but all of us spent the next five days, not only dreaming of, but **working for our weekends.**

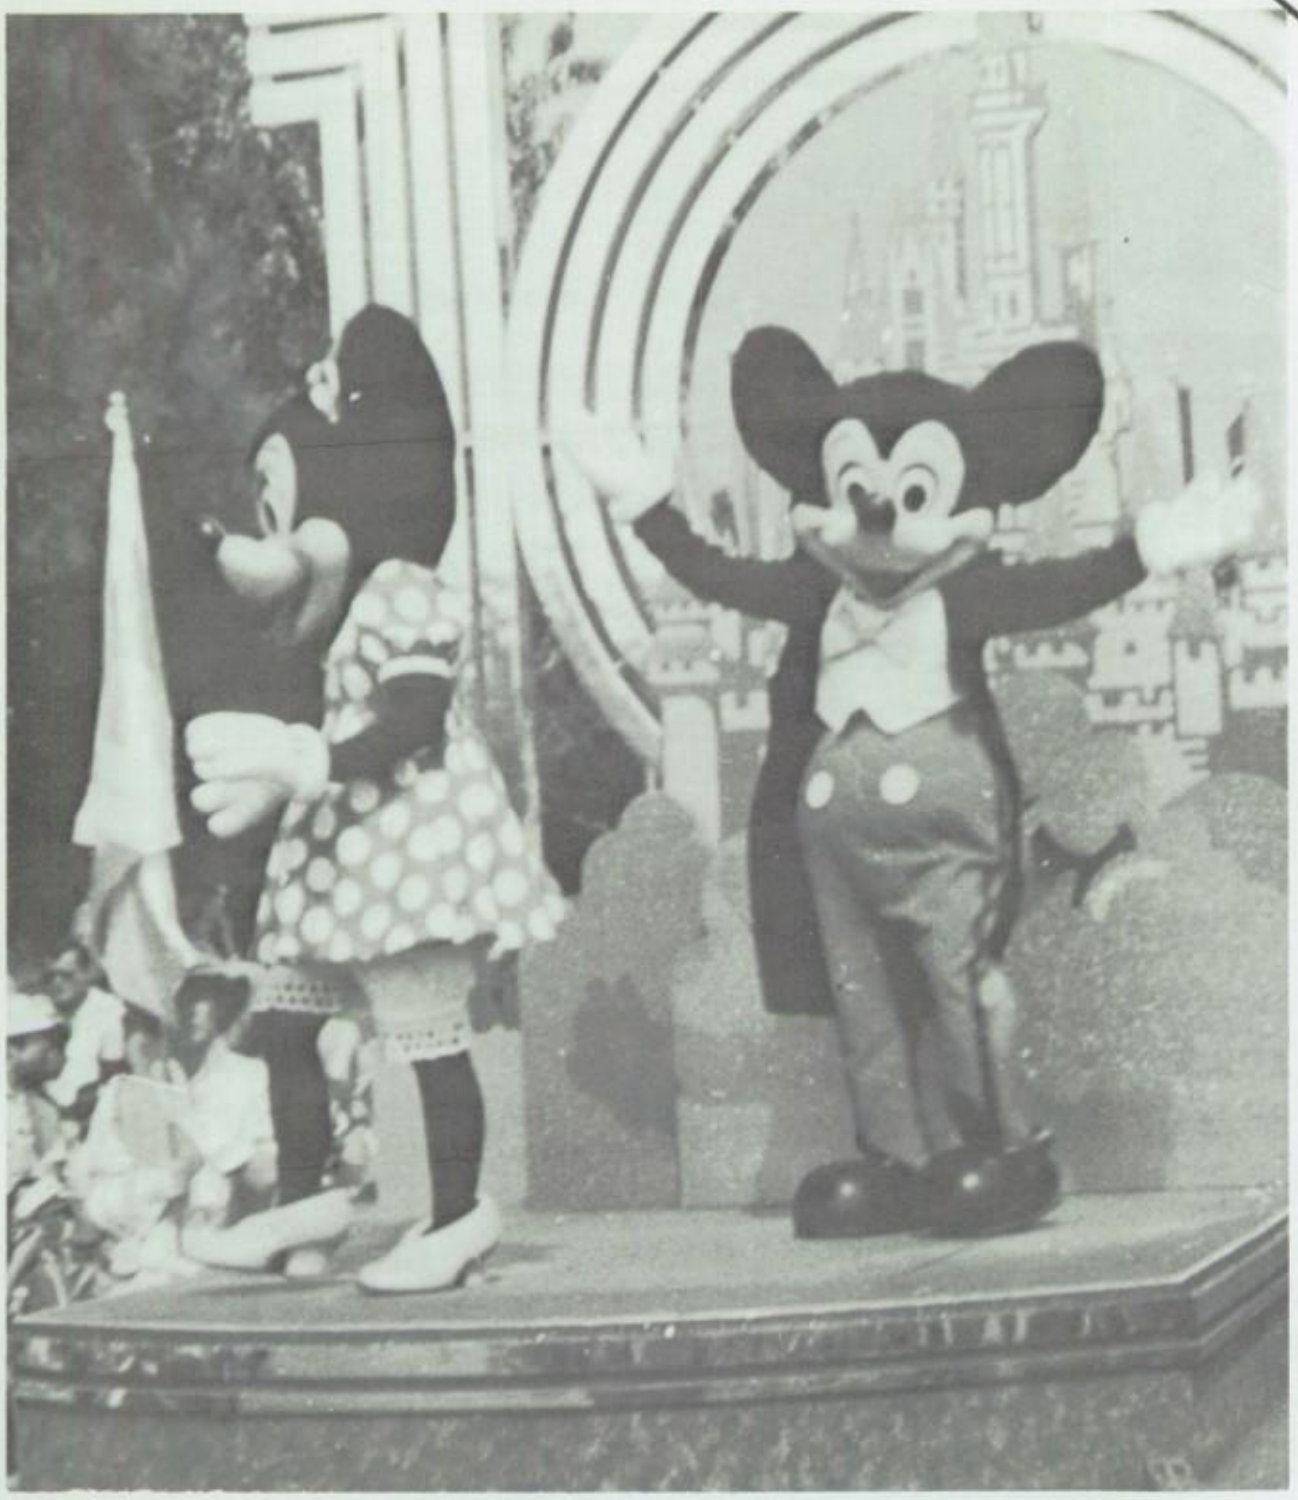
Exciting Excursion



The band members, with their director Mr. Keith Bloom, the band front, with sponsors Mrs. Patti Miller and Mrs. Beverly Gatskie, along with the school nurse Mrs. Doris Bush, and thirteen parent chaperones took an exciting excursion May 10, 1982, to Walt Disney World, Florida, for the third annual band trip.

The overnight bus ride built up anticipation for the day of arrival at the animated, scenic, amusement park. The first day at Disney World was spent seeking pleasure, and the following day was devoted to performing in a parade through the park, plus a ten minute concert at Town Square. During the parade the MC Band played a special arrangement entitled "Tencennial." This tune was played for the tenth anniversary of Disney World's opening year.

They stopped at the Kennedy Space Center as a new point of interest for all those with curious natures. The next stop was Daytona Beach where the students sunned themselves to their hearts' content.

The flourish of excitement and the tedious job of practice paid off with a thriving success of good feeling for this talented crowd of musicians and their school!

Spring Brings

melting of the snow, rising of the temperatures, and thunder storms. It comes every year after the groundhog makes his annual prediction. In two short words **SPRING FEVER.** With this change in temperature a change in mind and habits also occurred. Restlessness was at its peak, spring sports began and **Clean** cars were once again seen in the parking lots. It was a time of great change this Spring of 1982, we even lived through the day the world was scheduled to end (this had been predicted for March 10, 1982, and was called the Jupiter Effect). Officially Spring began on March 20, 1982.

The officers of the class of 1983 also brought great change in the Spring of 1982. They were in charge of the Prom; and, for the first time in MC's history, the Prom was held out of the school, in Homer City, at the Omni on April 30, 1982. A vote was taken after last year's Prom which brought about this great change. The Band Mark V was selected to play at the Prom. "Just Beyond the Sunset" was chosen as the theme for the Prom. Advisers for the Jr. class were Mrs. Virginia Piscolish and Mrs. Barbara Treese.

JUST BEYOND THE SUNSET...

Theme of the 1982 Prom, held April 30, 1982 showed that with every sunset there were new beginnings on the horizon. Candlelight started the evening for those people who attended the dinner. Dinner began with a tossed salad followed by a choice of either chicken or roast beef, greenbeans with almonds, and a baked potato as a side dish. White cake followed as dessert. Every girl who attended the Prom was given a plain white rose or a white rose edged in burgundy, and a memory book. The book consisted of a welcoming page, dedication of the Prom to the Class of '82, personal data sheet, and a page for a photo. All seniors were given a formal invitation to the Prom. The band Mark V played "Daddy's Home," "Sweet Home Alabama," "Celebration," and other current favorites. Special features at the Prom were the fountain of punch, fondue, and the barrel baskets of snacks. The theme was appropriate because there were many new horizons for everyone. We looked forward to something special just beyond the next sunset!

THERE IS MORE TO ORGANIZATIONS THAN MEETS THE EYE

Belonging, we all felt a need to belong. In 1982, we found ourselves not only belonging to clubs and organizations, but being active dedicated members. It didn't matter whether we put on a Senior Band uniform, pulled on an Usherette sweater, or pinned on a Safety Club button, donned a Senior Chorus robe, or tried to ride a donkey at the Varsity Club's Donkey Basketball game, we gave our time and tons of energy to the clubs to which we belonged.

We planned; we organized; and we performed. We announced bake sales, hoagie sales, and banquets. Instead of sitting back and enjoying the benefits, we became involved and discovered we enjoyed being in on the decision making. We had to be on the inside to see there was more to clubs and organizations than met the eye.

The group Styx might have had too much time on their hands, but the active at Marion Center could not share that problem with them. It seemed there was never enough time to do all we wanted, all that had to be done. It also seemed like there was never enough time to raise all the money we needed. If you were one of the involved you sold, made, washed and distributed anything and everything to make money for your club. There were always cars to be washed, roses to be sold, chocolate Easter eggs to be made, and cases of citrus fruit to be peddled. Even with the chance to meet during Activity Period we still never got enough time with our clubs.

Occasionally, we found a speck of time, time when we could play in pep band, could go to a **Centerama** skating party, or decorate a homeroom door. We showed off the long hours that we put in through concerts, banquets, and Marion Center's Toys and Talents for Tots Talent Show. Most of the time we wondered if all the hassles of being an officer, doing all that extra work and practicing long hours were worth it. But when the 1981 **Centerama** won the Showcase Award, the football band's performance was perfect and the National Honor Society's induction went smoothly, we knew all the hassles that went along with being involved were indeed worth everything we did to make it happen. These clubs accomplished one major thing. They promoted school spirit and pride whether it was the Student Council handing out Student Pride Awards or Pep Club creating posters we looked on with pride in ourselves, our clubs and our school because we realized **there was more to ORGANIZATIONS than met the eye.**

CHEESING IT UP

Parades here, games there, competition everywhere! The Sr. High band members did a variety of new things throughout the year. In the summer they experienced the headaches of band camp and when football season came around they performed at football game half time shows. They also attended annual parades and concerts. In May 1982 the band members went to the sunny state of Florida! As usual this group was on the road more than any other group in the whole school. They gave a fine performance every time, as the band members tuned up and the majorettes "cheesed it up" for the people watching from the sidelines.

BEST FOOT FORWARD

Putting the best foot forward was an easy task for the 25 girls that made up the Marion Center Bandfront. At least, it looked easy. Few knew of the long practices, tired feet and total exhaustion because when the MC Bandfront performed they looked "sharp."

With the first Varsity Football season came performances at halftime. For the bandfront to get it all together they took part in Band Camp one week before school and practiced every Wednesday. A whole new set of hassles and problems faced the bandfront when changes were made in the halftime show one week before the game or when one person was away and the whole halftime show got off on the wrong foot. But, with the help of Mrs. Bev Gatskie and Mrs. Patti Miller, when it was time to shine MC Bandfront always put the best foot forward.

HOOKED ON CLASSICS

The Marion Center Sr. High Majorettes were hooked on classics or so their music led one to believe. They competed at two contests twirling to selections from "Hooked on Classics," "Great White Hope," and "Eldorado". At the Johnstown Contest on March 19, 1982, they placed 4th; a week later they competed at the Windber Contest and won first place. At Windber they also received the highest marks that a judge had given in over twenty years of judging. Not only did MC compete, but they hosted the Indiana Contest after winning in 1981.

The Marion Center Jr. High Majorettes competed at the Altoona Contest on November 21, 1981, and placed 4th.

Being a majorette wasn't all fun and games. They had long practices sometimes early in the morning and sometimes late at night. They also had to practice at home and keep up their grade average at the same time, but **being a majorette was well worth the effort.**

CADET BAND AND STRING ENSEMBLE

MUSICAL MUSICIANS A MUST

Room 14. A very musical room. Drifting out its doors and windows and echoing down the school halls were strains of not always harmonious music. Every Monday during activity period while one was traipsing around the halls he could catch strains of music from the 36 members of the String Ensemble. Anyone, sixth through twelfth graders, could participate if he could play a string instrument, and boy **could they!** Then about halfway through the year some Cadet Band members were needed to help out the String Ensemble on some of their songs. Who led this group of talented musicians? Our very talented Mrs. Jean Zbur!

If one happened to be in the halls around second period he could hear a totally different sound of music the **Cadet Band!** This was the largest group ever squeezed into room 14- **123 people!** In the Fall members of the Cadet Band practiced marching and participated in the Halloween parades. They tried to become better musicians through the ever driving force of Mr. Ralph Cribbs. He pushed them to their greatest limits and demanded even more. From all these facts any one could see that for MC **musical musicians were a must!**

SELECT CHOIR AND JAZZ ROCK

TRAVELING MUSICIANS

Select Choir, under the direction of Mrs. Maxine Wellen, was one busy group! They traveled near and far to sing for various organizations. They treked from Indiana to Punxsutawney; from Edinboro to the National Honor Society Induction here at school. This fifteen member group sang all styles of songs. A few selections were **And Now a Word from our Sponsors**, **Gone at Last**, and **Rhythm of Life.** For Select Choir, singing is what they did best.

Jazz Rock members were also busy people. They practiced every Wednesday fifth and sixth periods, and also many hours in the evenings. Under the supervision of Mr. Ralph Cribbs, the members of Jazz Rock sang many of today's popular songs. A few of the songs were **Sweet Home Alabama, Harden My Heart, Open Arms,** and **I Love Rock and Roll.** Jazz Rock traveled to several different schools in the area to perform, along with different banquets, and one concert for the McCreery students. Jazz Rock was a busy group with practices and concerts, but when one heard them perform, he realized it was well worth it!

JR. AND SR. CHORUS

CHORUSES HARMONIZE THEIR VOICES

Students in grades seven through nine sang to everyone's "heart's content" in the eighty-two member Jr. High Chorus. Mrs. Maxine Wellen led both Junior and Senior High Choruses. The Jr. Chorus practiced during activity period Wednesdays and Thursdays. They sang "Frosty the Snowman," "Alleluia" and many more at their Christmas Concert. The combined Jr. and Sr. High Chorus Spring Concert was held May 4, 1982.

The forty-six Sr. High chorus members practiced on Mondays and Tuesdays during activity periods. Although this was a very small group they made themselves heard. They always performed to the best of their ability and to the satisfaction of their audience. For the Spring concert their songs were "Lady" made famous by Kenny Rogers and "More than Music."

MUSIC AWARDS

TALENTED PEOPLE

Excellence was almost always the goal of competitors. When those competitors were musicians, the goal was still the same. Competing at the various levels of Music Festivals made everyone strive for perfection. Whether on the county, district, regional or even the state level, an excellent performance and achieving 1st or 2nd chair meant advancing to the next level.

It seemed Marion Center was blessed with musically talented people. Both band and chorus members represented us on the state level. In orchestra, M.C. was represented on the regional level. It seemed these musicians were always putting the finishing touches on a piece of music, always striving for excellence.

STAGE CREW AND IMC CLUB

PROPS AND PAGES

Duty called upon Mrs. Marjorie Popp's Stage Crew many times each year. Being a member of Stage Crew meant that one had to know or learn the basics of light, sound, and stage operation. We counted on our Stage Crew to have the gym ready for **any and all** types of assemblies. Stage Crew meant work, but it was also a lot of fun.

Members of the IMC Club were busy people too! Students who devoted time working in the Instructional Materials Center or Audio Visual Room were allowed to join. Library workers could be found shelving books or stamping them "in" or "out," while AV members processed "orders" and "pick-ups." IMC Club members, along with their adviser Mrs. Marjorie Taylor, had an annual Christmas Party and went caroling with the members of the Future Nurses and Latin Club.

WORKERS!

Varsity Club was for all people who had earned at least one varsity letter. Members who accumulated two letters were eligible to purchase a varsity jacket after they worked one evening at the Varsity Club sponsored concession stand. Wrestling coach Mr. John Bomboy was the adviser for the members of Varsity Club.

Safety Club members' main duty was to keep the halls and crosswalks safe. The Safety Club members were distinguished by the yellow badges they wore when on duty. Many times they had to stand in the rain, cold, snow, or sleet as well as sunshine to keep the crosswalks safe for other students. Mr. Ted Holtz was the adviser for this service group. Both Mr. Bomboy and Mr. Holtz led groups of workers.

WORKERS WHO HELP THE SCHOOL

One group that helped our school get organized and run smoothly was comprised of students who worked in the Elementary, Main and Guidance Offices. They gave up their **free** time and study halls to run errands and help all the people who frequented these offices. Their time and energy was appreciated by all those they helped.

The Usherettes, under the direction of Mr. Everett Dembosky, Captain Regina Pearce, and Co-captain Rhonda Weaver, also helped out when they were needed. They gave up many evenings to take tickets at the doors at home basketball games and wrestling matches. The Usherettes sold hoagies and green and gold hats to make money. Helping out that is what the Usherettes and Office Workers always did.

POPCORN, COOKIES, AND ROSES!

Members of Latin Club held their annual Latin Club Banquet October 14, 1981. To be permitted to join Latin Club the members had to have had two years of Latin or had to be currently enrolled in a Latin class. The sponsor Mrs. Elizabeth Gorman, with help from the club members, held popcorn sales and bake sales to help pay for their club trip to Pittsburgh.

Members of the Raymond Munnell Chapter of the Quill and Scroll Society sponsored the annual Quill and Scroll Toys and Talents for Tots Show December 23, 1981. A Quill and Scroll member had to be a second semester sophomore, a junior, or a senior in the upper third of his respective classes in general scholastic standing. They must have completed one semester's work in one of the school's two publications. They also had to be recommended by their publication advisers Mrs. Marjorie Null for **Centerama** yearbook or Mr. Richard Miller for **Yellow Jacket** newspaper.

FUTURE BUSINESS LEADERS OF AMERICA

TO-MORROW'S BUSINESS LEADERS

The Future Business Leaders were quite busy all year long. The need for fund raising made their many activities necessary. The first activity was a dance held November 7, 1981. Proceeds from this went for their National Headquarters in Reston, Virginia. The dance was co-sponsored by the I.U.P. Chapter of Phi Beta Lambda. The dance netted $100.00 for the headquarters building fund. The Business Leaders also had two skating parties on September 30, 1981, and February 24, 1982 as well as the Haunted House at the Student Council Fair on December 11, 1981. These girls were busy with different workshops, Regionals and State competitions. All of this activity prepared these members to be the future leaders of business and industry.

JR. AND SR. NATIONAL HONOR SOCIETY

A CREDIT TO MCAHS

For the members of both Junior and Senior National Honor Society, October 27, 1981, was a memorable experience. This date marked the beginning of long and hard, but enjoyable work. It was our induction night. To be considered for membership in honor society, students had to meet special requirements. First, they were checked in the guidance office for an overall 3.2 grade average. If they met this requirement, their names were then given to the faculty for further consideration. They were judged according to leadership, character, service, with the addition of citizenship in Jr. Honor Society. In order to be inducted they must have attained a 3.0 out of a 4.0 possible from 5 teachers who had taught the students in the past two years.

SERVICE HELPFUL HANDS

The Sign Language was divided into two groups, Advanced Sign Language and Beginners Sign Language. Advanced Sign Language was made up of eight ninth graders and five eighth graders. These members were the original Sign Language Club. Beginner Sign Language was a newly formed group made up of mostly seventh graders. Both groups were organized by Mr. David Doorley. Both clubs were sponsored by Mrs. Patricia Hedman after Mr. Doorley left at the end of the first semester. The activities of Advanced Sign Language were performing in the Quill and Scroll Talent Show, and holding a popcorn sale. Probably most important of all they took over teaching the Beginners' Sign Language.

Senior Citizens Service Club was also in its first year and it was sponsored by Mrs. Georgia Joseph. They had an Easter field trip on April 6, 1982, to Indian Haven where they helped feed the elderly. The Senior Citizens' Service club did a remarkable job at spreading love and making people happy in the 1981-82 school term.

MC'S MODEL UNITED NATIONS CLUB

APPRENTICE DIPLOMATS

Having its first organized meeting under the supervision of Mr. David Morris, The Model United Nations Club started the year off with all members learning parliamentary procedure according to **Robert's Rules of Order.**

For fund-raising activities there were bakesales and even a pizza sale. This money went to a fund for future field-trips — one of which was to include New York City and the United Nations building.

In preparation for the UN trip a mock UN meeting was held during the second semester, with various nations being represented by club volunteers.

In May the club attended a seminar at Lock Haven State College to aid members in preparing for their model United Nations.

SENIOR SCIENCE AND INTERNATIONAL CLUB

FACTS AND FEASTS!

Senior Science Club, under the direction of Mrs. Elizabeth Dell Antonio, was one of MC's most prestigious organizations. Senior Science Club members taught mini courses to Mr. Michael Bytner's sixth graders and also accompanied them to Blue Spruce Park on a field trip. Fund raising activities included selling bio-rhythms and peanuts. This money was used for the annual Senior Science Banquet. Officers were: President Sean Eddy, Vice President Laura Grover, Secretary Cheryl Palmer, and Treasurer Vicky Frampton.

International Club was a newly reorganized club this year. Membership in this club was very large - over one hundred students plus two teachers - Mrs. Burkett and Mrs. Bothell. The club's sponsor Mrs. Cindy Burkett arranged a French Christmas Dinner in December at Indiana's Holiday Inn, and a Spanish Pig Roast in the Spring. Students of the Spanish and French classes attended both dinners. Money for field trips was gained through a new form of fund raising - **refunding!** Various manufacturers gave rebates upon receipt of collected coupons or proof of purchase labels. Officers were: President Caren Lezanic, Vice President Dick Wahler, Secretary Tracey Lydick, and Treasurer Kevin Lloyd.

CELEBRATE CHRISTMAS EASTER

Christmas at MCAHS was made brighter by the FHA sponsored door decorating contest. Many students had a good time decorating their homeroom doors. Among the winners were homerooms 11-B and 38 (both shared honors for the most beautiful doors). Winners of the door decorating contest received ribbons as awards. Early in the 1981-82 school year Future Nurses visited the Harmorville, PA Rehabilitation Center and the Butler Veterans' Hospital. These trips were taken to visit persons whose life styles were different because of their disabilities. During the last week of April members of FNA held their annual Homemade Easter Egg Sale, which was not only fun, but also helped to raise money for the FNA club.

PICK OF THE CROP!

Many new seventh grade members swelled the ranks of JR. FFA this year. Some members were anxious to participate in field trips, which included the Ox Hill and Indiana Fairs, where most JR. FFA members won ribbons and money in the various livestock events. Many members hated to see the fairs end. Ninth grade SR. FFA members were anxious for the day they would receive their blue and gold FFA jackets and almost all of the SR. FFA members were anxious also for January twelfth and thirteenth when they would attend the annual PA Farm Show in Harrisburg, PA. The farm show gave them a chance to get away from school and also an opportunity to meet many new and friendly people who had common interests in the farming field.

HISTORIANS AND STUDENT COUNCIL

MAKING HISTORY

The 1981-82 Jr. and Sr. Historians were sponsored by Mrs. Marlene Mikesell and Mr. Richard E. Miller. The Historians geared activities such as a cherry pie sale for Washington's birthday as a reminder of Washington's personal impact on the history of America. Some researched local history in recognition and celebration of Pennsylvania's 300th Anniversary, while other students worked on history day projects for regional competition. On April 1, 1982, the historians proudly displayed their projects, which were based on Trade and Industry in History. They presented their projects in many ways, including performances, displays, and papers on historical themes. Historians explored the past while living in the present.

Just like the Historians, Student Council under the Supervision of Mr. Frank Palilla, originated many history-making activities. Student Council members opened a school store, which supplied paper, pencils, and even sweatshirts to the student body. A Student Council Fair was held on December 11, 1981, to benefit Children's Hospital. **An ugly tie contest for teachers, also benefiting Children's Hospital, was won by Student Council Sponsor Mr. Frank Palilla!** The total amount collected for Children's Hospital was $1,018.24. Student Council sponsored the student pride award, held a Christmas Cookie Sale, worked with foreign exchange students, collected canned goods for the Christmas Love Basket, conducted a Mr. Football contest, supervised voting for a school mascot and held a spirit bonfire. Historians and Student Council members wrote another page in MC's history.

NEWSPAPER SPEAKS OUT . . .

Hi, I'm a **Yellow Jacket** newspaper and today I'm feeling really sad because Mr. Richard E. Miller is leaving us. He's helped me and my family **get it together** for 27 years and everyone around here is **really** going to miss him!

What did a newspaper have that made it so interesting? In my pages one could find many stories, features, editorials, the latest on sports in MC, straight news, reviews and much more. **There was more to me than words and ink on paper pages.** I told everyone **almost** everything that went on in MC — from announcing the arrival of Mrs. Jane Smith's new baby boy to how the TB tests turned out. But what made me the pulse of school? Why the 25 staff members, the Editor Lisa Coleman and the Advisers Mr. Richard E. Miller and Mrs. Carolyn Wise. I came out once a month for about 10 editions, plus the senior edition was produced in the school year. To pay for me the **Yellow Jacket** staff had two skating parties and a cookbook sale in addition to the annual subscription campaign. All in all I was really proud to be MC's **Yellow Jacket.** I was really sorry to see Mr. Miller leave.

LAYOUTS + DEADLINES = FRUSTRATION

Frustration was the name of the game for members of the 1982 **Centerama** staff when deadline time rolled around. Deadlines seemed to pop up when one least needed or **wanted** them. But there was more to putting a yearbook together than the deadlines. Body copy, layouts, photographs, captions, and typesheets all added up to the finished product.

Fitting yearbook into an already hectic schedule also proved to frustrating. Dedicated staffers gave up precious activity periods, study halls, and even **lunch** to work on the book.

The feeling of relief which swept over all staff members as well as Editor-in-Chief Debbie Mumau, Co-Editor Melissa Warren and Adviser Mrs. Marjorie Null when pages were finished surpassed all the frustrations and doubts one may have had.

THERE IS MORE TO SPORTS THAN MEETS THE EYE

Jocks, whether they played football or softball, were classified as **jocks**. Some defied the stereotype and became their own person. But in 1982, we learned there was more to a jock than met the eye.

We became aware of the sweat and determination each individual gave to his sport. We sympathized with them during long practices, sore muscles, and challenging weight lifting programs. We commiserated with them during late practices, running extra steps, and swimming extra laps. We cheered with them in their victories and suffered the close ones with them, too. We watched them give their all, give that last drop of energy until the final buzzer sounded, the final pitch was thrown, or the final one crossed the finish line. We saw them do battle against opponents, against time, and against the limitations of their own bodies, and sometimes lose to all three.

They strained through all of this with an unrelenting drive instilled upon them by their coaches. At Marion Center, the coaches tried to teach that a commitment to oneself and the other team members was just as important as winning. Even though, at times, winning **was** everything.

Our coaches showed us that by committing ourselves we could become better athletes — athletes who would work hard if we wanted something. Through this hard work and dedication, we struggled on a long tiring journey towards our goals. Some would reach them and others would have to keep striving toward their final goal, perfection.

No one knew any better what it was like to struggle and work long hours than Athletic Director Mr. James McGinnis. The time Mr. McGinnis spent creating schedules, planning transportation, and taking care of equipment would be enough to stagger anyone else. But Mr. McGinnis, as always, took pride in his job and Marion Center's sports programs. He helped each of us become #1.

It took a while for it to sink in to some of us, but when we finally opened our eyes we saw the truth about Marion Center's sports programs. We realized through the efforts and sweat of everyone involved in sports that they were not simply jocks, but dedicated, determined athletes, taking pride in meeting their goals. Gone were the theories of dumb jocks and hard coaches because in 1982, **there was more to SPORTS than met the eye.**

Above: Putting in that "extra hour" Athletic Director Mr. James McGinnis still keeps a smile on his face.

What does it take to hold a team together when one is just starting a first-ever football program? It takes dedication, responsibility and one's presence at each practice. It requires one to be alert and ready. As always, there was everything from scratches and bruises to broken arms, legs, and pulled muscles, but our team was very cohesive. In the end we made it through "thick and thin," sweat and determination, bumps and bruises. After all their effort our football players needed all the support they could get. If we took away the players, coaches, cheerleaders, band and fans what did we have? — the managers and waterboys. One might say to himself who are these people and what are they doing on the sidelines? The managers and waterboys handled the small tasks such as switching balls and toting water to exhausted players. These jobs might sound insignificant and rather dull, but they were very important to the team and coaches. Something that was helpful to Childrens' Hospital in Pittsburgh was the Mr. Football contest. Various schools throughout the county voted for football players from their respective teams. In order to vote one had to donate money to Childrens' Hospital. Dave Colo was Marion Center's Mr. Football. We were very proud of our newly formed football team. The football players were **number one,** in popularity and on the field!

Despite what the statistics said for the 1981-82 JV and Jr. Hi. football these teams gained experience! At their long hard practices players exercised, ran, drilled, and had scrimmages. Even though they didn't appear to be ready for the Super Bowl the Stingers played their games with enthusiasm. During the season, Marion Center memorized plays, learned positions, and gained experience. This experience would prove to be important in upcoming seasons. The coaches Mr. Frank Palilla, Mr. James Buterbaugh, Mr. Ted Holtz, or Mr. Robert Rado felt their season was a real training and learning experience!

The Girls' Cross Country Team of Jamie Clark, Karen Hornfeck, Laura Grover, Kelly Chambers, Tracey Brocious, and Helen Hornfeck made history on Sept. 23, 1981 against Johnstown and Indiana when the girls won the dual meet. This was the first time MC Girls had ever won a meet.

Both teams finished their seasons participating in the District VI Meet at State College on October 29, 1981.

The J.V. Girls' Basketball Team, which was coached by Nick Bonarrigo, finished its season with an impressive 13 wins and 3 losses. They had changes to get used to such as having a new coach and being undefeated at the conclusion of the 1981 season and losing their first game this season.

The J.V. team was very important because it became the basis for a good varsity team in the future. There was more to the team than met the eye, mainly because of the foreign exchange student Simona Scarpa. It was really wonderful to have her as a part of the team, not only because of her super personality, but because her stories that she shared with us were very funny and educational to hear.

This year's team was very productive; and hopefully, they will keep up their winning reputation!

Coach Robert Youngs' Junior High Girls' Basketball team finished the season with a winning record of 9 wins and 5 losses. Leading them throughout the year in scoring was Kate Staples and Jan Lightcap.

All the girls were divided into two teams the "A Team" and the "B Team". Both were very successful. Practicing in the McCreery gym was a disadvantage to the team because of its small structure, but the girls managed to overcome that obstacle and played a good season.

A few girls will be leaving the team and most of them will be trying out for the Junior Varsity team next year. Good luck Girls!

Determination: this one word could be used to describe Marion Center's 1981-82 Boys' Basketball team. Coached by Mr. Ted Holtz, these boys displayed the determination needed to win. They endured many long practices where they ran, drilled, and practiced plays. None of these could reach the excitement of a real game. Despite all the practice and determination our boys had to hold up their heads as they walked off the floor in defeat sixteen times during their 24-game season.

The team participated in the Johnstown Invitational Tournament on November 27 and 28, 1981. They also played in the Elderton Christmas Tournament in which they took second. In regular season, they were in the Northern Cambria "B" League and the Indiana County League.

The team was made up of five seniors, three juniors, and three sophomores. Suffering defeat at the hands of superior teams was far from easy, but our boys matured at the hands of the victors.

This year's 1981-82 Junior Varsity basketball team was coached by Mr. Jerry Keith. With a total of 18 matches the team consisting of 14 members, was able to defeat 10 of those opposing teams. Some of the boys also played on the Varsity team. The team's best game was against Laurel Valley with a score of 61 to 30. Although the team was not undefeated the boys tried their best and came out with a pretty good season!

Members of the Junior High Basketball Team rang up a successful year. The 9th grade division was coached by Mr. Lynn Fry for a 14-6 record. The 7th and 8th grade team was coached by Mr. Bob Rado for a 17-1 record.

The 9th grade team participated in 3 tournaments. Kris Lightcap was named MVP at the Purchase Line tournament. At the tournament here with Indiana, Greg Hogan was named MVP.

Many people wondered how they became so successful. The answer was **dedication to the sport,** which meant running suicides, three man weaves, and lay up drills. For a team unwilling to accept anything less than a **victory,** the year met each individual's expectations and was definitely a **success!**

No solid food for **days** plus the **daze** created by many long, hard, sweaty, hours of practice combined to make MC's 1981-82 Varsity Wrestling Squad a hard working team. For Head Coach John Bomboy and Assistant Coach Nick Bonarrigo summing up their Marion Center 1-12 wrestling team didn't take much time. In fact they responded almost instantly. The response was only one word, **"Injuries."** The word struck fear into every athlete's heart and left coaches nearly speechless. Because of the afflicted wrestlers the team was forced to forfeit many bouts.

Congratulations were in order for Jamie Smith who finished second in District 6 Wrestling Tournament. He then advanced to regionals. Even though our Varsity Wrestling team tried hard and practiced endless hours they didn't make it to the top. We all knew they were on the top of our lists!

Cheering for the 1981-82 Junior High Sports teams were seven smiling young ladies. Their names were: Carrie Gett, Diane Trunzo, Cindy Petrof, Amy Gapshes, Missy Lloyd, Julie Ferito and Michele Anderson. The girls' sponsor was Mrs. Carolyn Wise. These girls had to be very dedicated to their sport because cheering for four different teams wasn't always easy. Being on the squad meant spending many hours after school for practice and games. This year the girls didn't get a chance to compete anywhere, but they did watch the varsity cheerleaders for tips to use in the future.

Sore throats and pulled muscles were common occurrences in a cheerleader's life. MC's Varsity cheerleaders also braved the elements for the first time cheering for MC's new football team.

During the summer, both Varsity and JV squads had weekly practices. From July 19 to July 22, 1981, the Varsity squad traveled to Thiel College in Greenville, PA to attend a U.S.C.A. Cheerleader camp. They came home bedecked with numerous ribbons and Senior Vicky Frampton won an individual plaque for her outstanding spirit.

On November 14, 1981, the Varsity squad traveled to Purchase Line High School for the annual cheering contest where senior Cindy Pease participated in the Miss Cheerleader competition during an intermission.

These girls promoted all school pre-assemblies. They also could be seen at all sporting events cheering on MC's teams to yet another win. The life of a cheerleader was always busy and physically exhausting, but they enjoyed it and **we enjoyed them.**

The 1981-1982 Boys' and Girls' Varsity Swim Team members hated the arm, leg, and back muscle-strengthening practices, but they worked their way up to the exciting swim meets after which both teams held 3 win — 8 loss records. Swim team members Chuck Deabenderfer, Sharon Fincke, Laura Grover, Karen Hornfeck, John Jadzak, Caren Lezanic, Kristy Lingenfelter, Bob Mikesell, Cheryl Palmer, Den Simpson, Ken Simpson, Dave Whitesel proved practice made perfect when they made it to Districts, and Dave Whitesel went on to States where he placed second in the 100 yd. butterfly.

Appplachian Conference Champs, Appalachian Track and Field Meet Champs, Indiana County Meet Champs, and Appalachian Conference Dual Meet Champs. What more could a coach or school ask for? This year proved to be prize winning and exciting in many ways. The guys finished the track season with a 12-0 record and four school records were broken in the process. The 110 meter high hurdles, 400 meter relay, 3200 meter relay, and the triple jump.

Districts were held at Altoona on May 18, 1982 and the boys represented all areas with the exception of the pole vault which proved to be a hurdle that was insurpassable. Eight members of the team achieved a 1st or 2nd place finish in Districts to qualify them for the State competition on May 28, 29 at Shippensburg. The 3200 meter relay of Greg Wilden, Greg McCoy, Dave Peterman, and Dave Whitesel won a 1st place — setting a new school record and a new District VI record, and the 400 relay team of Lawrence Lesnak, Eric Morash, Scott McCoy, and Randy Krytusa finished 2nd also with a new school record.

Appalachian Conference Champs for the third consecutive year. The Girls' Track team were defending their title and succeeded in keeping that title. This year proved to be very rewarding especially because of our own all-weather track. It took two long years in the planning, and two even longer years in the making. Also there was a new event — the 300 meter hurdles. The girls finished their season with a 9 and 2 record. In the process three new records were set; the Discus, 300 hurdles, and the 3200 meter relay.

On May 18, 1982 Districts were held at Altoona and 12 members attended. Michaele Garsick placed 1st in the Discus becoming the District VI Champ for the second year, earning her a trip to States. Michaele also broke the District VI record for the Discus to a new distance of 114 ft. 2 in. Also the 3200 meter relay of Kelly Chambers, Debbie Wilden, Nancy Cramer, and Jamie Clark finished 3rd in that race earning a medal.

The Marion Center Girls' Softball Team started off with approximately thirty girls trying out; only fifteen of these girls made the cuts. The Seniors of this year's team were Kellie Ryen, Shortstop; Darla Brocious, First Base; Julie Bothell, Second Base; Joyce Mack, Outfield; Tammy Hetrick, Outfield; and Cindy Pease, Outfield. Of course the juniors, sophomores and freshmen were there to help too! Head Coach Dan DeMarines and Assistant Coach Mike Bytner spurred on the team with lots of enthusiastic pep talks, and loads of confidence and experience. Even with the record of five wins and seven losses the softballers gained invaluable experience as they learned to work together as a **TEAM!**

The 1981-1982 Boys' Baseball Team was coached by Mr. Ted Holtz. The team began practice in March and worked hard to get prepared for a 18 game schedule that included 2 doubleheaders. The season started slow and many games had to be rescheduled because of snow. Extra duties of the team were done by Manager Mike "Pete" Wahler and Assistant Manager Andrew "Chum" Irvin. At all games another common sight was the 6 girls who kept score and statistics. These girls worked hard to make sure the scores of all games were posted in the newspaper, and that the players were kept up to date on the number of hits, stolen bases, batting average etc. they had. Coach Holtz had commented that he felt the pitching would be the strong point of the team and it was, but the players displayed their hitting and fielding skills also. The baseball team really was a group of students who caught the eyes of fellow students, parents, and teachers alike.

May 25, 1982 at 6:30 p.m. an event occurred that made history at MC! The annual Sports Banquet was held at the high school cafeteria for the first time. The evening was a great success by all accounts. This year's distinguished guest speaker was Mr. Red Mihalik, a former official for the 1964 and 1968 Olympic Games. He shared with all present his experiences, adventures, and jokes. After Mr. Mihalik's speech the trophies that adorned the table were presented to the lucky recipients. Every sport was covered from Cheerleading to Baseball.

Special awards given were: Margaret Wade Medals Club to Lori Brice for scoring 1000 pts. in her basketball career; the Coca-Cola Scholar Athlete award given to Blaine Deabenderfer and the Army Scholarship Athletic award given to Lawrence Lesnak and Karen Hornfeck.

The 3200 relay team placed 13th in the state competition and the 400 relay team qualified for semi-finals and finished 16th place overall. District VI Champion Michaele Garsick placed 5th in the Discus State Competition with a distance of 114' 0".

All sports at MC finished their seasons superbly making everyone proud to be from Marion Center!

THERE IS MORE TO
THE PEOPLE
THAN MEETS THE EYE

What did 1,170 people have in common? They had different ages, different responsibilities and different lifestyles. They could have been twelve years of age or they could have been sixty-five. One could have been an 8th grader or a worker in the cafeteria. They had different views and different ways of expressing them. They had different jobs, different responsibilities and some of us had different ways of handling that, too. After hours, each of us had different ideas on how to relax. Whether it was jogging through the snow, curled up with a book, or heading to Indiana or Punxsy we sought and found relaxation.

With 1,170 people mingling around, we found a need for leadership. After a few weeks of school, the leaders were sorted out from the rest of us and they guided us through 1982. Our class officers, class advisers, department chairpersons, and administrators were there leading the way. Each one doing a different job and taking pride in doing it well.

Considering that we spent at least 35 hours a week with each other, we came to know one another's moods. We all suffered on those long boring Mondays and each one of us got a little rowdy when Friday afternoons rolled around. Some of us rejoiced on those wintry mornings when the radio brought the news that school was cancelled and we could roll over and sleep a few more hours. Along with that, we suffered through those warm May afternoons when we would rather have been outside instead of slumping in a desk staring at the windows.

With all of these people running around, personality conflicts could not help but appear. These conflicts confronted most of us and each of us solved them in different ways, taking them head on or just avoiding them completely. Some of us felt it was hard to soar like an eagle when we were stuck on the ground with a bunch of turkeys. In 1982, some of us did get off the ground and soar like eagles while the silent majority watched from the ground.

Even though we all had different personalities and different lifestyles outside these walls, we grouped together to struggle through 1982. As anyone could see, the one thing these 1,170 people, the leaders, the followers, the teachers, the students, the seventh graders, as well as the seniors, all had in common was **pride**. Pride in ourselves showed the community and other schools that **there was more to THE PEOPLE than met the eye.**

BUSY BOARD NEVER BORED!

The Marion Center School Board was one of many organizations that helped better our school. The district was well represented this past year by both experienced and inexperienced members. The new members were Emerson Aul, Duane Lingenfelter, and Glenn Minich who were elected to four year terms. Mrs. Sandra Lorenzo, the second woman to serve on the Marion Center School Board, was elected to a two year term. The officers for the School Board this year were President John Hastings, Vice President Casey Moore, Secretary C. L. Wiggins, Treasurer Theodore J. Banks. The people of the School District were outsiders looking in on the School Board. To really know the functions of the School Board was a task in itself for the people of our School District. Facing squarely **Reagonomics** with the Federal Government giving back to the Commonwealth controls over many fiscal programs, the Board had to wrestle with the ideas of what programs were really needed and which ones could be eliminated without utterly destroying existing approved programs. It was a tough decision for the School Board to decide what cut backs to make in what areas of the school. The taxes that the district collected were important to keep our School District operating smoothly. Without local taxes our Board would have had a much tougher time of running this District. The regular monthly meetings were followed by executive sessions and special meetings called at the discretion of the officers. There was, indeed, more to this august group than met the eye.

MC TEACHERS ARE SPECIAL!

Our teachers helped us learn not only what was required to pass the various courses but also many things that would be useful when our days at MC were history. They made us determine what we expected of ourselves. They imparted knowledge, gave advice, and exhibited understanding and patience. Those qualities made good teachers. MC abounded with teachers who possessed these qualities — they were special!

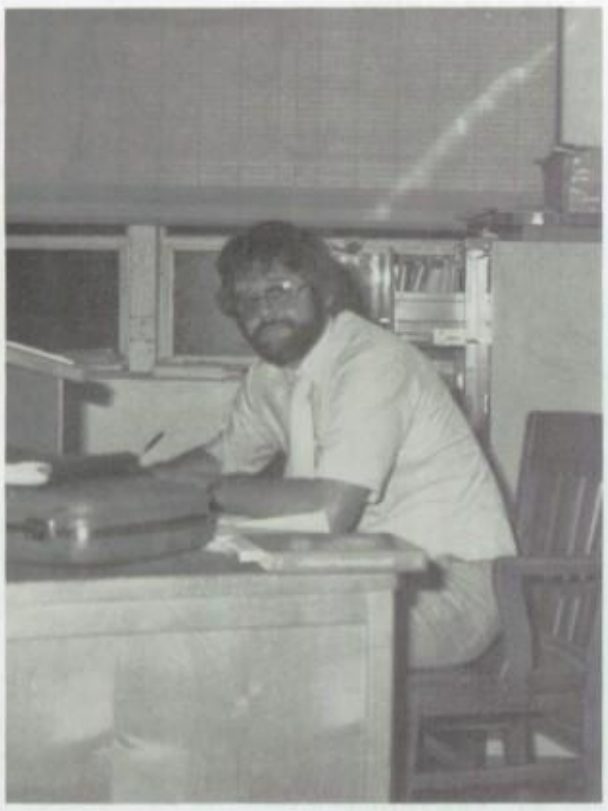
THEY KEEP UP THE PACE!

Here at Marion Center teachers really kept up the pace! They sponsored our various clubs and organizations. They also gave their time and effort to coach our various sports teams. All this in addition to teaching us what we needed to know. Then, at the close of each day, they headed home to families of their own. Teachers had their own hobbies away from school, but while here they went full steam ahead!



ALWAYS ON TOP!

Keeping on top of things was what the teachers at Marion Center **tried** to do! There was always something going on here — field trips, assemblies, and many after-school activities. Sometimes teachers felt as if they were the **last** to find out about such things. They did their best to stay well informed about all the happenings at MC. We'd give them an **A** for effort!"

A FIRST TIME EXPERIENCE!

The student teachers came to MCAHS to enjoy their first experience at teaching an actual class. IUP supplied us with our student teachers. Some of what they learned was **NOT** what they had expected. The kids didn't always do what the manual promised! But they learned and so did their students. We had to adjust to new faces in the Home Economics, Music, and Business departments. Under the supervision of some of our faculty the student teachers gained a world of knowledge. They were a wonderful bunch of student teachers, but all too soon it was time for them to leave us. We had so little time to get to know them, but still it was sad to see them go. It really was a first time experience!

BUSY HANDS

A secretary or teachers' aide should have had as many arms as an octopus! The two hands they had were really busy keeping up with the work load in their respective job assignments. Sometimes it was difficult to maintain one's "cool" especially when telephones rang, interoffice communications "beeped," and supervisors became tense and irritable. There was more than met the eye with the many jobs completed by our efficient secretaries and aides!

THEY MAKE IT COME TOGETHER!

The bus drivers, cooks, custodians and maintenance workers were **very important** to our everyday school life. They were there when we needed them most. Just when we thought we would become solid ice fixtures the bus pulled up and invited us abroard to be thawed out. When our stomachs thought they couldn't handle it any more the cooks had something there to satisfy our hunger. Being a custodian wasn't always an ideal job, but the custodians kept our "pad" clean. The custodians worked until late each night to clean away our "messes" and make the school presentable for the next day. Maintenance made sure the school didn't fall down around our ears. All in all they made us look good!

WE SURVIVED!!!

As we, the 1982's seventh graders, advanced into the high school most of us were awed and amazed by the vastness of its halls and rooms. After two or three weeks of getting lost in the halls and being late for classes, we finally got into the swing of things. After we overcame the fear of being run over by the upperclassmen, most of us soon found out that it was fun maneuvering through the halls and stairwells.

After a period of time, many of us decided that we liked the high school cafeteria better than the elementary cafeteria, because we used the movable chairs instead of the small, black, fixed stools in the elementary cafe.

Extra curricular activities and intramurals were some other things that seventh graders enjoyed. A few examples were Jr. FFA, chorus, armwrestling, kickball, and king and queen of the mat. These were only some of the activities that were open to us, not to mention Cadet Band and after school swimming.

Although there was a rumor going around that all seventh graders carried every single one of their books from class to class, this was **not** true! We always left one or two of our millions of books in our lockers to keep our coats company!

Most of us enjoyed seventh grade, our first year of junior high, aside from the trials and tribulations such as being late for class, trampled by seniors in the halls, and the all around hustle and bustle of the high school. There was more to us than met the eye for we survived seventh grade!

We, the class of eighty-seven, had two sets of twins in our midst. Most grades had at least one set of twins, but the class of eighty-seven was lucky to have **two** sets. Both are fraternal (one boy, one girl). Our twins are as follows: Debbie and Delmont Pfeiffer, and Stacy and Ron Stewart. Although all of them are twins, both sets missed out on the perfect opportunity to fool family, friends, and teachers with Debbie masquerading as Delmont, and Stacy pretending to be Ron or vice versa. Most of us have probably heard the saying that everyone has a twin somewhere in the world. Well, these four have found theirs.

We finally got settled into the swing of things after a few weeks. That's when junior high school started to get boring. It was the same thing, day after day, after day. Go to your locker, get your books, sit in homeroom, go to class, eat lunch, more classes, and leave for home. The days were getting rather predictable. The school-days just got down right monotonous. Kids began falling asleep during classtime.

The main thing that snapped us out of that dull rut was the intramurals during activity period. The arm-wrestling, king and queen of the mats, kickball, etc. They put some of the spirit back into our lives. All it took was a bit of competition to perk up our Seventh-Grade doldrums.

This year's junior high magazine sale was considered very successful. Seventh, eighth and ninth graders sold a total of 1,513 magazines.

The required number of items to be sold by each student was at least five. These five items could be a combination of magazines, records, or books.

Bridget Fox, a seventh grader, was the top salesperson for the 1981-82 magazine sale. She received a porta-jam for selling 23 magazines and records.

For each day during the sale, a student could turn in a certain amount of receipts, and he would receive a prize the following day. Prizes the students received depended on how many receipts they turned in on a certain day. The prizes varied from a caramel Slo-Poke sucker to a portable radio-tape-player (porta-jam).

Seventh-grader Bridget Fox, the highest seller for the magazine sale, is shown at right.

WE AREN'T THE YOUNGEST ANYMORE ..

Beginning the first day of school (August 25, 1981) the eighth graders found there was no comparison to seventh grade. They found the courses much more demanding and they had to study harder to keep up their grade averages. Speaking of grade averages eighth graders had to obtain a 3.20 average to be inducted into Junior National Honor Society. Grades were just one of the criteria which had to be met. Other standards were citizenship and leadership. There were also many more other clubs and sports that were open to the eighth grade class.

When they walked into their new classes, they met with six new students who had been added to the class roster during the summer. That made the **class of '86 183 strong.** The eighth grade also had two new teachers, Mr. Nick Bonarrigo and Mrs. Janet Wiley. And along the line of teachers our class advisers Mr. John Fulton and Mrs. Nancy Mogle helped us through all the adjustments.

We elected the following leaders: President Diana Trunzo, Vice President Brett Lukehart, Secretary Missy Lloyd and Treasurer Patty Hornfeck. We made it one more year closer to our goal and we weren't the youngest in Marion Center High School anymore. We still had four more years to go, but if they could go as fast and as well as seventh and eighth grade we could have four very good years ahead of us! Since our class had so much to do it was hard to look ahead, but we kept our eyes open **all the way!**

GOOD-BYE, JR. HIGH!

The 1981-82 year had many surprises both good and bad for the ninth graders. From Charlie the skeleton to learning in American Cultures that the Pennsylvania Paleozoic period was called the Age the Cockroaches and of course everyone will remember our Friday gym classes! This year we participated in an elective intramurals with the tenth graders each Wednesday (going along with activities ranging from Jacks to Weight Lifting; Speedball to Arm Wrestling; Queen and King of the Mat to Archery). Even our swimming classes were different this year. For the first time we could elect to take the swimming class which was an interesting experience. To the dismay of some, swimming classes were no longer co-ed!

Most of us already knew how to write and talk in Pig Latin; but, this year, we finally learned how to really speak another language. French: **Cette classe est formidable**! (This class is great!) Latin: **Latina habet plures verba**! (Latin had too many words!) Spanish: **La parte más favorita para mí fue el romper de la piñata**! (My favorite part was breaking the pinata!).

At the second class meeting people were nominated for the class offices and the race was on! For one week, campaign promises were voiced, posters were posted, and buttons were worn to support various candidates. When the voting was all over the 1981-82 class officers were President Holly Sipes, Vice President Mark Holiday, Secretary Dixie Kirk, Treasurer Dana Dalessio.

The officers worked along with our advisers Mrs. Mary Jo Sink and Mrs. Carolyn Wise to make our Apple Darling sale and other activities successful. This was our last year in Jr. High and there was definitely more to us than met the eye!

Now that we were ninth graders we were old enough to stop making up secret languages with which to talk to our friends. We began taking real languages. French, Latin or Spanish were our choices. We could also join a language club if we desired. The two clubs were the International and Latin Club. Each one did its own special thing this year. Latin Club went to Buhl Planetarium and to the Pittsburgh Zoo. International Club held a banquet at the Holiday Inn where one could also swim and play electronic games. Language study added spice to our lives!

During the time Beth Cooper visited England she kept a diary. At the end of her diary she wrote a summary about her trip: On October 20 we (my family) finished our trip to England and Scotland. Our travels started in London and ended in East Neuk.

In England we visited London and went to Keigle then to Haworth. After Haworth, we moved on to Durham from where we entered Scotland. The main stops in Scotland were Edinburgh, Dumferline, St. Monans, Crieff and Linlithgow.

All our belongings were carried on our backs in backpacks which got heavier at each stop. These cumbersome packs made crowded buses a challenge.

We toured beautiful palaces, cathedrals rich with stained glass, graveyards full of history, and castles complete with dungeons.

Above: Lisa Kubin and Misse Mallino ninth grade section editiors are busy completing yearbook pages.

WE FINALLY MADE IT!

The Class of 1984 finally made it to senior high! We thought we would be treated like young adults and not like little kids. But then it seemed as though we had to start all over again and take the criticism from ever-present **upperclass persons** — knowing that someday we would be the critics who would be looked up to by other sophomores like us. We **did,** however, have help to get where we were now; and, although we may not have admitted it, parents and teachers were a very big influence on us and were eligible for a lot of gratitude. We knew it wasn't easy for all the people who took part in our growing up, but remember "patience was and still is a virtue." When one became a sophomore he started to realize that he was getting closer to that last year in high school and that it was time to start thinking **seriously** about his future plans.

Raising money for the class was accomplished this year by selling calendars. All this money kept our class treasurer busy. Prizes were awarded to those students who sold fifteen calendars or more. The prize for highest salesman went to Rich Riddle. To help us through the sale were our class officers, President Arlene Pfeiffer, Vice President Betsy Feid, Secretary Lisa Yackovich, Treasurer Debbie Wissinger, and our advisers Miss Judith Skubis and Mrs. Elizabeth Dell Antonio. Our leaders did a really good job and represented us well throughout this **Sophomore Experience!**

After eating lunch with the fifth period lunch group, and then walking into the girls' restroom one might see Karen Turnbull and Sue Shaffer fighting the "cavity creeps" by brushing up after each meal. Sue wears braces now and has been wearing them since last August. Karen doesn't wear braces, but she still likes to kill those cavity creeps. Brushing one's teeth after every meal, may not be a necessity for some, but Sue and Karen seem to think it will help them in their fight against cavities. Dentists in the area ran programs on tooth decay and medical personnel touted the evils of poisonous Mr. Yuk. It seemed that everyone became more health conscious as the year progressed. Perhaps Karen and Sue were born leaders!

Coming into a new school in new surroundings wasn't very easy. Most of the new sophomores thought at first everyone would ignore and resent them; but as days went by, they started associating with different people. Finally they became pretty good friends with other students. As weeks went by, they really started fitting in with the rest of the people. Everyone forgot they were "new" students. It's not easy to make the adjustment of being a new kid on the block, but after a while one could realize that all the worrying was for nothing. The new sophomore additions to MCAHS are: from left to right: T.A. Miller, Chris Bruns, Deanna Christie, Rebecca Ellermeyer, Lori Blatt, Nancy Cramer. Other new sophomores not pictured are: Ray Lohr, Jody Lowen, Christine Lukehart, Brenda Patterson, Pam Oaks, Suzanne Kallal, Bill Manners, Gary Blystone, Chris Fleming, Stacey Ray.

ONE STEP CLOSER — 83

As the class of 1983 started a brand new year, new opportunities developed for us. First of all, the junior girls could say good-bye to **those** gymsuits. They were allowed to wear their popular sweatsuits or just shirts and shorts. Also, our class rings, that everyone had been waiting so impatiently for, finally arrived on October 14, 1981. As the year progressed we found ourselves more mature; we didn't throw food in the cafeteria or give the teachers huge hassles and we were expected to set examples for the younger students. The boys had enough of their new experiences with our first year of Varsity football. They displayed the injuries they had received; and, although we didn't have a terrific season, there was a lot learned!

Somewhere between all the activities came grades, endless English vocabulary tests, honor roll, SATs, and numerous other academic procedures. We listened to a number of speakers from different schools to see which we might be interested in attending. Some just went to these seminars in order to get out of regular classes. We also filled out all kinds of cards requesting information that took forever to come.

In the Spring came the Junior-Senior Prom and for the first time it was held out of the school and at the Omni. The theme, chosen by the members of the prom committee, was "Beyond the Sunset," and the night started with a sit-down dinner and the prom ended at midnight.

This year was hard and challenging but that is what made the year all the more memorable.

This year, our class officers had a lot on their hands planning for the prom and other activities. Besides having the roles of officers they were involved in many things.

Class President Scott Carney was in the Industrial Arts club, track, and participated in the school band playing trombone. He also enjoyed playing football and was on the school's baseball team.

Vice-President Wendy Sink was in the Academic Track. She was on the school's swimming and track teams, and she played flute in the band.

Trish Yanity, secretary, was also in the school band and played clarinet. She was in IMC club and in Future Nurses Club. One of Trish's favorite sports was swimming.

Treasurer Missy Wells went to the Vo-Tech school and studied Distributive Education. One of her goals was to be a manager of a big business someday.

The summer of '81 saw eleventh grader Dave Richardson travel to Bucknell University in Lewisburg, Pennsylvania, for the Pennsylvania Governor's School for the Arts. This was a five week free scholarship program for tenth and eleventh graders talented in such things as: music, art, creative writing, theater, dance, and photographic arts. Dave, of course, majored in music and minored in theater. When he wasn't busy with his classes, there was time to play racquetball, tennis, and to swim.

The Junior class was privileged to have a foreign exchange student from Brazil join us for six months. Her name is Simona Ricci Scarpa and she came from a family of six. She has a twin sister and a younger brother and sister. Simona joined us on August 31, 1981, and was very active in the school. At the beginning of the year she played girls' basketball and during the winter she was on the Varsity Swim Team. When Simona was asked what she thought about MC she said, "It is very different from Brazil, but I like it very much." **Left:** Simona, her father Gilson Scarpa, host mother Mrs. Charlene Hornfeck, and Simona's twin sister, Fernanda Scarpa. One Last Look
SENIORS 1982

The day, August 25, 1981, finally arrived. For some of us it was a bad day, but for many it was great. For the Class of 1982 it was a day full of mixed emotions. Many were excited about their first senior day while others wished that graduation would come as fast as summer vacation had gone.

Schedules were finalized and were soon routine. Homework was given and done (most of the time) and before we knew, it was time for deficiency reports and then the end of the first nine weeks. The second nine weeks began quietly, but it finished with a bang. Schedules changed and the college-bound seniors who had not yet applied to a college realized that it was time to get the applications into their prospective colleges. Seniors who had already been accepted to a college had last minute papers to fill out.

Seniors voted and revoted upon class officers, colors, gowns and tassels, and a class flower. When the ballots were finally tabulated Pam Nibert became the class president; Sean Eddy, vice-president; Norma Fisher, secretary; and Vicky Frampton, treasurer. The class chose Admiral Blue and Dawn for class colors. At graduation the girls wore Admiral Blue caps and gowns and the boys wore Dawn Silver caps and gowns. All wore the two toned jumbo tassels. The white rose edged in blue was the flower chosen by the class of 1982.

Each member of the senior class knew that when June 1982, arrived, they would become alumni of Marion Center Area High School. All had great memories of their school years and many friendships had evolved between classmates, underclassmen, and teachers. We all knew we had to move on, only some were not sure of which direction to turn. All we could say to each other was "GOOD LUCK IN THE FUTURE."

Dale Gandolfi and Ted Semetkoskey peek inside to see themselves as seniors. Most senior portraits arrived Wednesday, September 23, 1981. For all seniors it was an exciting day and the game "picture swap" began. Each day a senior was asked many times to autograph his picture for one or more of his friends. All seniors had writer's cramp by the end of a day and seniors who had ordered pictures late were still writing until Christmas vacation. All-in-all it was the **first senior happening**.

The class of 1982 had an older member in its midst. Chaucer's Franklin joined them as they traveled to Canterbury. Actually, the Franklin was Kim Wetzel, a member of the third period Academic English class. Seniors in Mrs. Null's Academic English classes dressed up as characters from Chaucer's **Canterbury Tales** and each class made its journey from Englonde to Canterbury. They also ate foods that were common in Old England. Characters who were portrayed by the seniors included the Knight, the Nun, the Monk, the Friar, the Merchant, the Wife of Bath, and the Pardoner. The members of both classes enjoyed **The Canterbury Tales** and the journey that each had made to Canterbury.

After studying ballads in English, John Jadzak and Rich Lommock decided to try their hands at singing the Old English Ballads. Rich played a little tune on his guitar and sang while John sang and coaxed the English classes to sing. Ballads that were sung included: **Bonny Barbara Allen, Sir Patrick Spence,** and **Get Up and Bar the Door.** This change of pace was greatly welcomed by each Academic English class.

SHINING BRIGHT

The class of 1982 had many individuals who accomplished what most of us only dream about. Five senior girls participated in area scholarship programs. Maurnie Atkinson participated in the Miss T.E.E.N. pageant that was held in Pittsburgh, September 25-26, 1981. Amy Dermitt, Merrielle Krause, and Beth Palmer participated in the first Indiana County Junior Miss Scholarship Program held October 3, 1981, at the Indiana Junior High School. Amy was cnosen as third runner-up and Merrielle was chosen second runner-up and also the winner of the Scholastic Achievement Award. Holly Cornman represented MC in the Laurel Queen Festival in Wellsboro, PA., June 12-20, 1982. She was chosen by the senior class and Vicky Frampton was chosen as the first runner-up for our school.

Julie Bothell became the recipient of the 1982 DAR Award. Qualities considered for this award were leadership, character and dependability. Julie was selected by the senior class and by members of the faculty for this award.

Melissa Warren was chosen as the recipient of the Century III Leadership Award by a panel of judges at the high school. Interested students filled out a biographical application, took a current events test, and wrote a paper discussing one of the world's prevalent problems.

We were also fortunate to have two foreign exchange students in our midst. Senior Nilton Oliveira and Junior Simona Scarpa were the exchange students both from Brazil. Simona was here from September until March and Nilton arrived in January and graduated with the class of 1982. Several of our own students traveled to foreign lands. For example, John Adams, accompanied by Wendy Sink, traveled to Haiti as part of a United Methodist Church Mission that occurred January 8-22, 1982. Norma Fisher traveled to Venezuela as a foreign exchange student (see page 10) while Doug Anthony traveled the U.S. with the McDonald's All-American Band. (see page 11)

Also, for the first time a student from MC was chosen to enter a science experiment in the Penn State Science Symposium held November 8-10, 1981. Sean Eddy's experiment was entitled "Isolation of Potential Microbial Pathogens of **Epilachna varivestis.**"

With these and many other achievements we had much of which to be proud. Each participant did shine, and we all basked in the warm glow of their friendship.

MEMORABLE TIMES

Memorable, adj. worth remembering, notable. This was the definition found in the **Webster's New World Dictionary.** To the students of Marion Center Area High School, especially the seniors, it was the word used for all of the great times that we had shared together in our past school years. To each senior some were more worth the remembrance than others, but each happening had **its own place in our memories.**

For seniors, the recall of **their** year, **1982,** would remain with them forever. There were special happenings in which only the seniors participated or for which they gave their support. This year many seniors became first time donors at the bloodmobile, many made ornaments for the school's Christmas tree provided by the class of 1982 and which was displayed in the front lobby, senior pictures had to be picked up and distributed, measurements were taken for the graduation caps and gowns and fun was provided at many of the skating parties sponsored by the senior class. Each change of the daily schedule gave new opportunities to create many fun experiences that were a little out of the ordinary and sometimes embarrassing. From all of these experiences we retained our own most **MEMORABLE TIMES.**

The scene above may seem to have been that of a typical homeroom, but it was not. For only a brief time each morning senior homerooms were quiet. This lasted only until the pledge of allegiance and the moment of silence were finished. **Then it all began.** Lines formed in front of the rooms to sign out for clubs and teachers had to sign a dozen passes to allow students to run their errands each morning. Also, much of the senior business was handled during activity period. Being together in these homerooms provided many good times for all seniors.

A PRAYER FOR US

Sunday evening, May 30, 1982, began the annual programs to which the senior class had looked forward for so long. Ministers from the Marion Center Ministerium planned and provided the Vespers Service for the Class of 1982.

Rev. Paul Morris began the service with the Call to Worship and the Invocation. The gift books each senior received were provided by Glasser's Agway. Plumville Dry Cleaners, Marion Center Supply, Inc., and the M.H. Keith Specialty Store, and they were presented by the Rev. Prewitt C. Duncan. During the service Larry Peterson and the Dixonville Wesleyan Methodist Church Choir sang special anthems. Rev. Ronald Love gave the message entitled "To Have The Vision."

As the Benediction was recited by Rev. LaMar Carlson, seniors in attendance realized that they were closer to their final day as students of MCAHS.

SENIOR TEA — SENDOFF

June 3, 1982 was a day that involved not only the senior class but some of the underclassmen. During the day the Senior Tea was held to honor the seniors and their parents. It was organized by Mrs. Mary Keith and Mrs. Shirley Neal and it was held in the gym at 12:30 pm. John Adams said the blessing. This Senior Send Off which began at 1:30 p.m. was under the direction of Miss Sandra Kinter and Mrs. J. Freeman. Vice President Sean Eddy presented the Welcome Address. Patty Kinter and Bob Stewart presented the Class History while Maurnie Atkinson, Darla Brocious, Lawrence Lesnak, Cindy Pease, and Dick Stiffler recited the Class Prophecy. Norma Fisher moved up each underclass and the seniors felt rejected as someone else began to fill their shoes. The farewell address was spoken by Pam Nibert and Vicky Frampton closed the ceremony with a few remarks to the seniors and all who were in attendance for the sendoff.

BEHIND THE SCENES

Commencement involved so many people and it was hard to have everyone together at one time to practice. Flower girls Noele Battick and Shelby Lemmon and organist, Missy Broadway, and the Usherettes were chosen for the closing ceremonies. Also, stage crew had a very important job of controlling the lights, microphones, and the many props that decorated the stage. To the senior class, these people were the stage managers and crew who were involved with a very special production.

Center: Usherettes: Betsy Feid, Rhonda Weaver, Marie Hogan, Joann Stonebraker, Jackie Baker, Judi Krytusa, Elaine Johnston, Linda Winebark.

Left Stage Crew Members: Dick Wahler, Jeff Forsythe, Jeff Dunlop, Caren Lezanic, Wendy Sink, Verena Pedigo.

THE END OR . . .

GRADUATION. It is a time that all students look forward to whether it is a couple of weeks away or several years. At the beginning of the school term, the senior class knew that this was the ending to their high school careers. For others it was just another school year. Each event of the year marked the final steps toward **their** night directed by Mrs. Marjorie Null and Mr. Richard Miller. For some, Commencement was an evening that brought tears to their eyes because they knew that some would move to other parts of the country and that they would move on to new friends. Each wanted to hang onto some part of MCAHS, but each knew that after the class was pronounced graduates, their lives would change from that point on.

The future? What did it hold for 154 participating seniors from Marion Center? No one knew what it held for each individual. Did it hold fortune, prosperity, happiness? For each it held something different that had to be sought out and discovered. Each had a different idea of how to find what the future held for him, but each was ready to take the challenge that faced him.

. . . . . THE BEGINNING

The beginning began as we walked out of MCAHS as graduates. We cried together just as we had shared so many great times together as a part of the student body. As we left MCAHS we had a new respect for the education that we had received and the knowledge gained by the friendships that had evolved among teachers, student teachers, and our fellow classmates. From this night we would be considered adults, capable of directing our lives in paths that suited our personalities and desires.

WORLD'S FAIR 1982

1982 was the year that the World's Fair came to the United States. It was also the year in which some lucky members of the senior class went to the World's Fair. The Fair was held in Knoxville, Tennessee. The seniors started their voyage on May 17, 1982, and when they arrived in Knoxville, they were able to visit the many exhibits that were hosted by different countries. Some expected a gigantic place filled with things they had never seen before and many had no idea of what to expect at the Fair. During their stay, the seniors sang the MC Alma Mater — being applauded by a group of people attending the Fair. Upon their return to Marion Center, May 20, 1982, each senior had his own opinion of the Fair and he enjoyed sharing his experience with those who were interested in listening to their tales!

OUR DAY TOGETHER

For the first time a senior class had a picnic together. For 31 seniors the picnic would be a second get together with members of their class. For the rest of the class it would be a practice for their fifth year reunion and the last time they would enjoy a group happening that involved only the senior class. At 12:00 p.m., June 1, 1982, the seniors ventured to the Community Park to enjoy a picnic together after one of the many graduation practices. Some seniors spent their time stuffing themselves with food, drinking cases of cold soda, organizing baseball and softball games while others enjoyed throwing frisbee footballs, and volleyballs. To all it was a day to enjoy the friendships that would be cherished always.

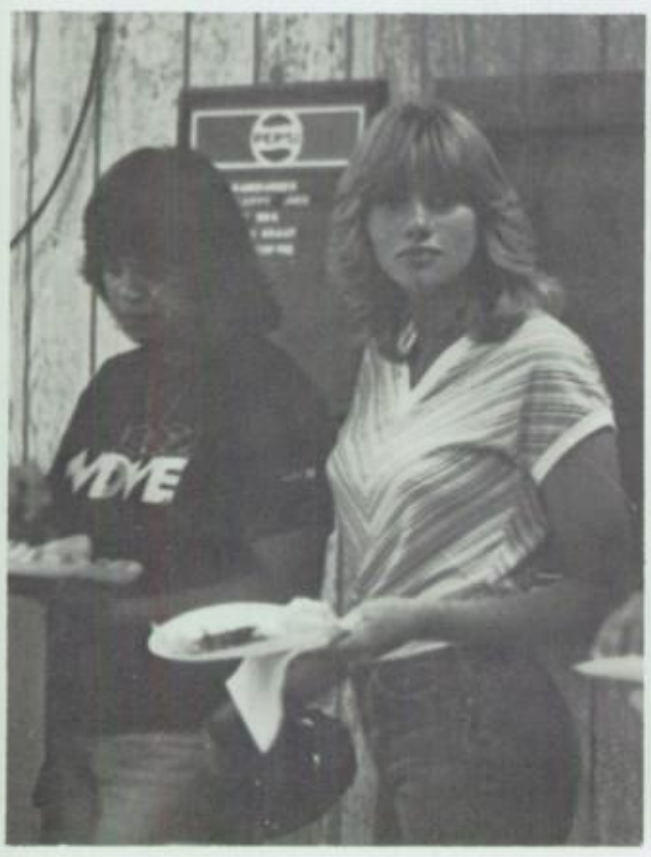
Above Center: Liz Moomau curls her tongue into a circle. Actually, it's a hotdog!

Above Right: Norma Fisher is caught snacking behind the food table.

Right: Denise Howells, Fred Glasser, Kim Wilden, Cindy Pease, and Lorie Johnston get together for a picture.

Below Left: Maurnie Atkinson and Amy Dermitt pose together after one of the many trips made back to the picnic.

Below Right: Noele Battick, Missy Broadway, usherettes, and Shelby Lemmon join the senior picnic since they are involved in the graduation ceremonies.
Dick Stiffler enjoys being the only senior in the group!



Top Left: Dr. John Mallino wonders what has happened to Mrs. Joan Freeman!

Top Right: Mr. Richard Miller roasts a hot dog at the senior picnic.

Center Left: Dave Colo, Beth Palmer, Vicky Frampton, and Glenda Fleming serve themselves at the picnic food table.

Center: Maurnie Atkinson takes her turn at bat.

Above: Holly Cornman and Patty Kinter enjoy their time together.

Bottom Left: Cheryl Palmer looks surprised as the photographer snaps her picture and Theresa Buffone just piles on the food.

Left: Fred Glasser and Mr. Ted Holtz seem to be having a serious discussion.

DOING THOSE SPECIAL THINGS

Most people felt as though the year would **never** come to and end! We missed school almost every Monday in January because of snow and ice. Winter stayed until Easter, making Spring seem farther away. But Spring finally arrived and with it came spring sports, banquets, field trips, and for **Seniors, graduation!**

Many interruptions gave both teachers and students well-deserved breaks. Field trips were made to anywhere one could imagine. Among these, the Senior Band ventured to Florida on May 10-14, 1982, and a portion of the senior class treked to Knoxville, Tennessee to the World's Fair on May 17-20, 1982.

Various groups held banquets, some honoring outstanding members. The Student Council held its Spring Banquet on May 7, 1982. The theme was Holidays and Celebrations, with each member wearing an outfit complementing the theme. The Sports Banquet was held on May 25, 1982 in the High School Cafeteria. This banquet honored outstanding athletes.

Even with all the extra activities which occupied our time, the end of school drew nearer. Many of our **dreams rapidly became realities.**

THE PAINS PAY OFF!

As the end of the school year came closer, our thoughts turned to handing in our books and being **free** for the summer. While we were sitting in our classes dreaming of the summer to come, some of us worked a little harder to receive the recognition we thought we deserved.

Through their efforts, Mike Pappal and Sean McGrady received first and second place, respectively, in the Arin Media Fair last Spring. Also, David Reiter and Jenny Harrold competed in the Indiana County Spelling Bee at United High School. Four students from Indiana County were chosen to move on to the Johnstown **Tribune Democrat** Spelling Bee. MC was honored to have two of the four winners. Holly Cornman and Vicky Frampton were chosen to represent our school as Laurel Queen candidate and runner-up. Lori Brice also gained recognition as being one of the five girls in Indiana County to break 1,000 points in Girls' Basketball.

Whether we were handing in books or striving for an award, the end of the year was closing in **FAST!** Faster than most of us realized.

Top Left: Debbie Wilden and Debbie Yesilonis hang one of the many posters in the gym.

Top Right: Days of past are relived. Lisa Zolocsik and Michel Wood don costumes from the twenties for an American Cultures project.

WE DID IT ALL FOR YOU!

Adviser.....Mrs. Marjorie M. Null

Finally, the end of the 1981-82 school year arrived! Our dreams of summer vacation were now a reality. We had handed in all last minute assignments and cleaned our lockers. For some, it had been an effort to keep our mind on schoolwork when one looked out the window and saw the sunshine and felt the warm air blowing through the open window.

Somehow our individuality shone through as we spent those last precious moments doing different things. We, the students of Marion Center Area High School broke through some of the time worn ideas of what students ought to be. All in all, we've said it before and it will be said again, **"THERE WAS MORE TO US THAN MET THE EYE!"**

575 copies of **Centerama 1982** were printed by Herff Jones Company at their Gettysburg, PA plant. The pictures are black and white with four process color. The cover is 9 x 12 and Smyth sewn, with rounded back and headband. The end sheets are ivory printed with black ink. The cover in Antique White and the school art is Vista Screen in Burnt Sienna and Tan. The type used was Spartan Medium, headlines are 36 point and 60 point, subheads are 24 point, body copy 10 point, captions and kickers 8 point, underclassmen identification 6 point lexcept for 11 grade). Our Herff Jones representative was Mr. C.T. Miller.
